CONSTRUCTION STARTS

WHEN BUILDING TWO

MATERIALS TOGETHER,

IT ENDS AT OUR CLIENT'S

S A T I S F A C T I O N

Looking back in 1997, BNAIDER UNITED GROUP comprised of a small team of skilled people who believed in team work spirit, in business ethics and commitment, in constructive creation and development, and in taking challenges. To date, it is with pride and a high degree of satisfaction that I have been and am surrounded by a team of people considerably larger than in 1997, who, thanks to their skills, perseverance and tenacity, share the same principles and values, show the same degree of workmanship and commitment and attribute the same personal touch and consideration to clients and colleagues, as have been since the early years of BNAIDER UNITED GROUP. Discipline, pride and reputation, all helped shape the company's long standing philosophy. Continuous improvement is integrated in every aspect of BNAIDER UNITED GROUP services. Our dedication and commitment to excellence is based on innovative and forward thinking. BNAIDER UNITED GROUP services cover every aspect of civil and architectural construction. We are prepared and eager to create long term alliances with our clients, not only to meet their existing needs but also to enable them to explore new opportunities for stability, diversity and growth. With all good wishes to each of you who has contributed and continue contributing to excellence in performing our services, With my sincere thanks to each of our clients and all who have supported BNAIDER UNITED GROUP throughout. Let's build a future together ...

Khaled M. El Maalouf
Founder & Managing Director

Our Vision

To excel in the design and civil construction industry and to create added value for our clients, our people and our company. We are committed to safety, integrity, environmental protection and excellence through continual improvement, know-how and technology.

Our Mission

For our society, to perform our services with integrity and the highest business ethics safeguarding human life and the environment. For our clients, to perform the safest and most effective services contributing to the success of their business objectives. For our people, to achieve their career goals in a challenging and rewarding environment based on merit. For our company, to run an efficient business with best business practices.

Quality Policy

BNAIDER UNITED GROUP is committed to provide quality services to our clients and to be responsive to their needs.

Safety and Environmental Policy

BNAIDER UNITED GROUP recognize and attribute value to human life, safety and the environment.

ABOUT US

Established in 1997 with principal offices in Kuwait and 2008 in Qatar, Bnaider United Group provides superior design, consulting and contracting services in the banking sector as well as the commercial, recreational, educational and medical fields within the Gulf region. BNAIDER UNITED GROUP brings a fresh and innovative approach to such design, consulting and contracting services, acting as the liaison between the client, the consultant and the end user. At BNAIDER UNITED GROUP we are fully dedicated and committed to our client and projects, we possess the design and build know-how. Experts in the construction industry, are involved in each and every stage throughout design phase, technical documentation, procurement, construction, complete interior finishing including testing and commissioning. Our extensive skills encompass all aspects of management and operation, including but not limited to, business requirements definition, development of functional specifications to client's approval, implementation and completion by customizing our own techniques to fit specific client's needs. Our people with their technical expertise and hands-on experience are well versed in all aspects of multiple

construction management, from design and budgeting to construction and completion. Our functional resources and technical experience enhance interaction with third party conveyors and various clients' representatives. We take pride based on our proven track and distinguished projects in the Gulf region; from Kuwait and Qatar to Dubai and Bahrain. We have effectively directed our strategy to respond to the increasing market demand on quality services and high standards. Within this context, BNAIDER UNITED GROUP have invested in expanding their own resources and have established offices and large scale steel workshops and fully equipped state of the art carpentry workshops for all their woodwork, in both Kuwait and Qatar. At BNAIDER UNITED GROUP we are continually expanding our services based upon our knowledge, know-how and experience with a view to provide client with successfully implemented projects in any location. Our goal is to excel in client's satisfaction. Outstanding functional and technical expertise together with industry knowledge make BNAIDER UNITED GROUP your choice of the design, consulting and contracting firm to implement your projects.
